"Let us have peace."

- . Winnipeg Y.W.C.A. - September, 1939 - for two years.
- . Toronto - Loretto Abbey - Health and Phys. Ed. - three years.
- . St. Joseph's College School - 800 girls - until 1947.
- . Taught swimming for Board of Education during the summers.
- . Married in 1945, one of my bridesmaids - "Shirley Muddiman".

In 1947 we moved to a sleepy little town, Aurora, population three thousand--now boasts ten thousand which includes four Hills.

David is an accredited appraiser and follows his career in Toronto. Son Paul, 11 years old, "our athlete", also shows some musical and artistic talent (one of his drawings won a prize at the Canadian National Exhibition last year). Heather, 8 years old, is an average student, happy and lovable, whose ambition is first to be a mother (we'll have to change that idea) and then a nurse.

Life is very busy with church and community activities, choir (have studied voice and do solo work) and strong political ties.

Hobby: Bridge, especially!

"I have a broad margin to my life."

Dear Adrienne:

..... We have been living in Montreal for nineteen years and thoroughly enjoy its cosmopolitan atmosphere and its proximity to the Laurentians and Lower St. Lawrence.

We have always loved the skiing here and the children, Suzanne (12) and Harry (16) are tremendously enthusiastic. Suzie has been racing Saturdays and Sundays in the Laurentians Ski Lone Races, and Harry was fortunate in being able to spend his Easter holidays at the Canadian Alpine Club Hut at Yo-Ho National Park near Banff, Alberta--a tremendous but rugged experience. Both children have done a great deal of camping and go off each summer for a period--Suzie to a "Y" camp and Harry, Cadets.

Our week-ends are spent at our own summer camp near Tremblant in the Laurentians where we have a very beautiful spot in a quiet Bay. no phone, no electricity, no direct lights, no immediate neighbours and only accessible by boat! Here we enjoy fishing, canoeing, sailing, water skiing and golfing.

Our daughter is keen on all sports and has won numerous shields and medals, recently won the school gym championship, takes extra advanced gym at the High School. Next summer she plans to attend a camp near Quebec City where they teach Olympic Gymnastics.

P.S. I'm old and gray! I have certainly blown my horn about the kids and didn't mean to lay it on so. I keep myself pretty busy with V.O.N. Auxiliary work--the church and also type for the Hospital Emergency Department. I have taken up ceramics in recent years and find this a fascinating and time consuming hobby!

Dearest Girls and dearest Staff:

How much easier to be there now with you than to try a "thumbnail sketch" of the past twenty-five years. Can it possibly be that long since our memorable M.E.S. days? It would be fun to do it over again if the old muscles and joints would function as before.

I would also love to be there for another reason--to show off my darling husband of course, and our daughters. Yes! Life has been good to us.

I met and married Bob in Edmonton. It was love at first sight I guess you'd say. Ah! Me! Fortunately for me had had just returned from Alaska where he had been a base commander in the U.S.A.F. He was discharged in 1945 and finished his law degree at the University of California at Berkeley. We then returned to Boise, Bob's home, to raise our family, then just underway and to practice law.

And now to brag a bit about us--all true! Can't deny it! Bob has become a very fine lawyer and is most active in many community projects, and right now deeply involved in Idaho politics. He has served one term in the House of Representatives and again has filed to run for a second term. He really did an excellent job and had many compliments from all sides. Yes! We are very proud of his efforts. I loved it too--so very interesting.

Our two girls are real charmers and growing up much too quickly. Sandra is thirteen and a half years of age, in first year Junior High. She looks like her Mother, so they say, and I can't see it. She's the personality girl, full of pep and so loveable. Shelley is nine years old, in fourth grade, "A" student and so much like her Dad. THIS I can see. She has "red red" hair--lots of freckles, sweet and easy to have around. We love them dearly.

And last of all--old me--well! I'm about the same as you remember in size and shape--still love to "athlete" all over the place and dance a lot. I'm accused so often of "what do I use on my hair to make it silvery"? Well, nature took over years ago and hidden among the golden hair were my silver tresses! So without any cost my hair is the color I love. I keep busy, typical routine as you well know, Mother-wife and etc.

We live out of Boise about ten miles on a six-acre ranch, and our five horses and four heifers in the pasture behind us. Our house overlooks the Boise valley-mountains nearby. It's pretty nice. NO! We aren't farmers, it's just our one big hobby and it's marvelous. Bob is a grand rider and he has us all riding a lot too. Bob is in the County Passe here and does a lot of precision work--drills--represented Idaho (The Passe) at the Seattle World's Fair! Most exciting! We show our registered horses at numerous Quarter Horse Shows in the State and we've acquired several lovely trophies. We gave up city life and golf for this and we love it so much. It's so peaceful and relaxing for Bob and me, and the girls adore it.

Boise is a nice, nice city--so much like Edmonton used to be, not too large and so beautiful--close to Sun Valley--day to Portland (driving) and also to Los Vegas (driving) from where we just returned. Large legal meeting Bob had to attend and of course I enjoyed being able to go. Fabulous place. We left the girls with their Aunt here (Bob's sister and her husband). I guess that is why I'm so fond of it here.

Just wish someone would come see us sometime. Welcome invite to the Grads of '39! Marg. D. Lathrop keeps me pretty well up on activities. Those days at M.E.S. were marvelous and will never ever be forgotten. Such fun. Saw Joyce Jarvis in Calgary two or three years ago. I recognized her immediately but she didn't know me, probably because we (Bob and I) were decked out in our Western attire (for the Stampede).

It's wonderful to hear from you. Best wishes for a most successful re-union.

My love to you all and "tears" too because I cannot be there.

Fondly,

Rhoda Green

"There is no rest for the messenger 'till the message is delivered."

Dear Patty:

Here is my "thumb nail sketch". Better late than never I suppose. Taught in St. Joseph's College, North Bay, one year, then Havergal College, Toronto, until 1942. Then into the R.C.A.F. W'D's doing Combined Operations work until 1945 in Halifax and St. John's, Newfoundland.

Took a one year Refresher Course at Toronto University, then back to Havergal until 1950. Taught in an Independent School in England for one year then home to Toronto to be married in 1951.

We have two adopted children, Ren almost nine, a little "divil", but very interested in sports of all kinds, and Patsy just six, very tall and beautiful, just average in Kindergarten.

It was so nice to see all of the girls again, I thoroughly enjoyed every minute of it and will hope to see everyone again in ten years time if not before.

Sincerely yours,

Julia Fairley

Dear Marge - Joan - Patti - Jess -

I guess this had better be my official letter of non attendance at our "40th" I am truly sorry & very very disappointed with not being able to attend this one. How great it would be to see everyone again & to think that "Wardley" & perhaps "Hobday" will be there.

As mentioned before our having to return to Alberta at that time is the fly in the ointment. Incidentally the bulletins are still going to the old address & Marge - I cannot say enough to you re these bulletins. They are marvellous & do so much in drawing us together & keeping us in touch. Thankyou so much for your great effort in this & all the work that goes into them & into the reunion.

I have been in touch with Dorothy Lupton - great to talk to her & I'll be seeing both she & Shiga on the 18th if we're back. Please remember that I want to be included in any additional finances that are needed - re bulletins - Shiga etc.

Have a great great time as I know you will -

As ever - Sylvia 129.1

S. - Marge - Do you ever hear
from or of "Quancie"? Do you
remember the time we stayed
with you in Sydney? We
went down the St. Lawrence by
freighter

P.P.S. ~~the~~ We are now living
about 30 min. from Phoebe -
so this is going to be great.

SYLVIA- I have not heard from or of Quancy for years - I would like very much to have news of her.

How well I remember when we travelled to Sydney on the "coal boat"
For the benefit of others - Sylvia, Quancy and I were to present ourselves July 1 at Mary Edgar's Camp Glen Bernard for our summer employment, for which I was going to be paid the handsome sum of \$75.00 for the two months work. Since that was a 200% increase over my wages for two months work the previous summer at Camp Mempramagog (\$25.00) I was quite impressed; However Sylvia had a great problem. Her wage for the summer certainly did not warrant a trip to B.C. for the month of June - my father arranged for the three of us to travel by "coal boat" from Montreal to Sydney" so Sylvia and Quancy spent half the month with me - and then Sylvia went to visit Quancy for the other half.

Hi Jonason.

Thanks for recent bulletin. I now
have my flight booked - Sept. 5th and return
Sept. 22nd. It would be great if Shirley were
on the same flight - leave Vancouver 10. A.M.
C.P. Air - don't know flight number yet but couldn't
delay making flight cause of her being company.
but would have been great to have her company
and had any assistance I could. Also I'll
probably head a ride up to the Ridge on the day
as I don't if either of my sons would be free
to drive me up on that day but not to worry
I'll make it. if I have to walk. Getting no letters
and no looking forward to seeing everyone
